

TECHNICAL REQUIREMENTS

THE ALLEY CATS

"The ABC's of Doo-Wop", "Tis the Season"

In order to facilitate a successful performance, please ensure the following guidelines and items are provided and ready upon the artists' arrival at the school.

Staging: A secured and clean performance area approximately 20' X 10' deep is required for the performance. The stage or floor surface should be swept and freshly mopped, not waxed. Portable stages must be safe and securely installed. Performance area should have good lighting.

Artist Needs: Four bottles of water per show
Access to a power outlet
A private secured dressing area
Four 9 volt batteries-ultras
Two parking spaces

Artists will arrive approximately 30 minutes prior to the scheduled performance time. Upon the artist's arrival, a representative from the school should be on hand to greet and direct them to the performance area.

It is important that assemblies begin promptly at scheduled times. Arts Teach artists often have performances immediately following at other locations. Performances that begin late due to school delays may result in cancellation. Please have students arrive at least 5 minutes before the performance start time to ensure ample time for performers to complete their entire program. A maximum of 350 students is recommended per assembly.

Teachers set the example for students and strongly affect their behavior at the performance. To encourage maximum learning and program effectiveness we ask that teachers actively participate in the assemblies and refrain from grading papers or doing other work at that time. Your cooperation is greatly appreciated.

Please let us know if there is anything we can do to assist your school/organization in this arts experience.

THANK YOU!
