

## **TECHNICAL REQUIREMENTS**

### **ISLAND INSPIRATIONS**

*"Alewa"*

**In order to facilitate a successful performance, please ensure the following guidelines and items are provided and ready upon the artists' arrival at the school.**

**Staging:** A secured and clean performance area approximately 15' X 15' is required for the performance. Portable stages must be safe and securely installed.

The performance can be held outdoors, but dancers cannot dance on blacktop. A tent near performance area must be provided for costume changes. Artists will need access to power supply.

**Artist Needs:** One microphone  
Sound system (not required)  
Water and cups for artists  
Secured dressing area close to the stage for costumes changes.  
Two parking spaces

Artists can be expected to arrive approximately 30 minutes prior to the assembly and upon artist's arrival, a representative from the school should be on hand to greet and direct them to the performance area. If assembly is being performed with live music, artists will require at least a 45-minute set up time.

It is important that assemblies begin promptly at scheduled times. Arts Teach artists often have performances immediately following at other locations. Performances that begin late due to school delays may result in cancellation. Please have students arrive at least 5 minutes before the performance start time to ensure ample time for performers to complete their entire program.

Teachers set the example for students and strongly affect their behavior at the performance. To encourage maximum learning and program effectiveness we ask that teachers actively participate in the assemblies and refrain from grading papers or doing other work at that time. Your cooperation is greatly appreciated.

A maximum of 350 students is recommended per assembly.

Please let us know if there is anything we can do to assist your school/organization in this arts experience.

**THANK YOU!**
