

TECHNICAL REQUIREMENTS

Pacifico Dance Company

In order to facilitate a successful performance, please ensure the following guidelines and items are provided and ready upon the artists' arrival at the school.

Staging: A secured and clean area, free of clutter is needed for this performance. The minimum size of the performance area should be 30' x 30'. The performance surface should be swept and freshly mopped, not waxed. **No portable stages.** Elevated and/or wooden floor is preferred.

The Performance CAN be held outdoors; however, a sound system and a dance floor will be required.

Artist Needs: Two dressing rooms near the performance space.
Audio System with Ipod adaptor (preferably) or CD Player
Two microphones with stands
Water for artists
4 parking spaces for artists with one as close to the performance space as possible for loading and unloading of equipment.

Artists will arrive approximately 45 minutes prior to the scheduled performance time. Upon the artists' arrival, a representative from the school should be on hand to greet and direct them to the performance area.

It is important that assemblies begin promptly at scheduled times. Arts Teach artists often have performances immediately following at other locations. Performances that begin late due to school delays may result in cancellation. Please have students arrive at least 5 minutes before the performance start time to ensure ample time for performers to complete their entire program. A maximum of 350 students is recommended per assembly.

Teachers set the example for students to model and strongly affect their behavior at the performance. To encourage maximum learning and program effectiveness we ask that teachers actively participate in the assemblies and refrain from grading papers or doing other work at that time. Your cooperation is greatly appreciated.

Please let us know if there is anything we can do to assist your school/organization in this arts experience.

THANK YOU!
