

## **TECHNICAL REQUIREMENTS**

### **TAIKO PROJECT**

**In order to facilitate a successful performance, please ensure the following guidelines and items are provided and ready upon the artists' arrival at the school.**

**Staging:** A secured and clean area, free of clutter is needed for this performance. The minimum size of the performance area should be 20' x 15'.  
Preferred floor surfaces: wood, linoleum or thin carpet.

**Performance can be held outdoors for an additional fee of \$100.00**

**Artist Needs:** Sound system with one microphone and stand and access to electrical outlet  
Water and cups for artists for 5 performers (optional but appreciated)  
2 parking spaces for artists

**Artists will arrive approximately 45-60 minutes prior to the scheduled performance time. Upon the artists' arrival, a representative from the school should be on hand to greet and direct them to the performance area.**

**It is important that assemblies begin promptly at scheduled times. Arts Teach artists often have performances immediately following at other locations. Performances that begin late due to school delays may result in cancellation. Please have students arrive at least 5 minutes before the performance start time to ensure ample time for performers to complete their entire program. A maximum of 350 students is recommended per assembly.**

**Teachers set the example for students to model and strongly affect their behavior at the performance. To encourage maximum learning and program effectiveness we ask that teachers actively participate in the assemblies and refrain from grading papers or doing other work at that time. Your cooperation is greatly appreciated.**

**Please let us know if there is anything we can do to assist your school/organization in this arts experience.**

**THANK YOU!**
